

MyMACT.com Sponsorship Opportunities

We created myMACT.com in order to provide relevant, timely and useful information to industry and institutions at no cost to them. Here are a few metrics:

- Over 140 Registrants and more joining every week.
- Over 85 large & small companies & institutions have registered with most having more than one facility and multiple boilers.
- Sectors represented include: Chemicals, Petroleum, Electric Power, Pharmaceutical, Aerospace, Forestry, Paints & Coatings, Food & Beverage, Steel, Educational Institutions, and Industrial Parks.
- Over 25 companies representing suppliers, contractors, consultants and others have registered.
- The Boiler MACT & GACT Compliance LinkedIn Group has over 250 members with an active exchange of ideas.

Soon we will add considerable more content and expect to attract a far broader audience. Here's what we are doing:

Moving existing content from our MON Resource Center to myMACT.com providing valuable information to the chemical industry, paint & coatings manufacturers and pharmaceutical companies on MACT rules that affect them.

Adding information similar to the existing boiler section for the Reciprocating Internal Combustion Engines (RICE).

In order to provide on-going services and enhance functionality we will begin offering sponsorship opportunities so that we can continue to provide myMACT.com free to the commercial, industrial and institutional community. Equipment vendors, suppliers, contractors, stack testers and consultants will be offered access with each sponsorship. Sponsorship packages are generally described as follows:

Type	Example	Cost	Advertising	Comments
Contributing Sponsor	Equipment Vendors, Suppliers, Stack Testers & Consultants	\$1,900/year	Advertisement & reciprocal link	5 registrant access, 1 white paper
Associate Sponsor	Anyone who is not in charge of an affected MACT unit.	\$950/yr	Reciprocal link	Single registrant access
Webinar Sponsor	Anyone	\$1,750/webinar	Reciprocal link	Moderate webinar

Please contact us at mymact@dixonenvironmental.com if you are interested in any myMACT.com sponsorship opportunities.
